

## **Construction Management Faculty Position School of Engineering, Computing and Construction Management**

The School of Engineering, Computing and Construction Management invites applications at the assistant professor level for a tenure-track position in the Construction Management program. This position will be available in the spring 2010. The successful candidate will be expected to teach undergraduate courses, develop an externally-funded research program, and actively participate in University and School service activities.

Applicants should have: an earned Ph.D. degree in Construction Management, Construction Engineering, or Civil Engineering (an M.S. degree in the above disciplines coupled with extensive laboratory and/or state-of-the-art field construction experience and a PE license or CPC certification would be considered in lieu of the Ph.D. degree.); a desire to teach at the undergraduate level; and, demonstrable potential for scholarly achievement. Teaching experience at the undergraduate level is preferred. Candidates with professional experience and registration as a Certified Professional Constructor or as a Professional Engineer will be given preference. The successful candidate must be capable of teaching construction management subjects and should demonstrate expertise in one or more of the following areas: construction methods and materials; project scheduling; estimating; or, project management and control. Candidates must possess excellent oral and written English communication skills.

Roger Williams University is a mid-sized liberal arts university with eight schools: the Feinstein College of Arts and Sciences; the School of Architecture, Art and Historic Preservation; the Gabelli School of Business; the School of Education; the School of Justice Studies; the Law School; The School of Engineering, Computing and Construction Management (SECCM); and, the School of Continuing Education. The SECCM offers students the opportunity to receive an excellent professional education within the structure of a liberal arts university. Excellence in inter- and multi-disciplinary teaching and research is highly valued at the SECCM. The school offers an ACCE-accredited B.S. degree in Construction Management, an ABET-accredited B.S. degree in Engineering, and a B.S. degree in Computer Science. A Master of Science in Construction Management program will be offered beginning in fall 2010.

Applicants must supply the following: an application letter that includes a statement of teaching philosophy; current curriculum vitae; copies of undergraduate and graduate transcripts; and names and contact information for three references. Please submit application materials electronically to [fgould@rwu.edu](mailto:fgould@rwu.edu). Inquiries concerning the position should be directed to Professor Frederick Gould, Search Committee Chair, at the above email address. Review of applications will begin on September 15, 2009 and continue until the position is filled.

A competitive benefits package is offered and salary is commensurate with experience.

*Roger Williams University is an Equal Opportunity Employer committed to inclusive excellence and encourages applications from underrepresented populations.*
