

School of Education

Dear Parent:

Roger Williams University School of Education students will be working in classrooms in public Schools in conjunction with *Introduction to Special Education Practice*.

The students are required to write a case study on a single student with an Individualized Education Program. The student's name, school and school district will not be used in the formal write-up and the confidentiality of all records will be strictly maintained. The purpose of this assignment is to give teacher education students from Roger Williams University an introduction to special education services and first-hand experience working with a student with a disability.

If you have any questions, please do not hesitate to call me at 401-254-3078.

Bruce Marlowe, Ph.D.
Professor of Educational Psychology and Special Education

_____ I give permission for the student named below to work individually with my son/daughter.

_____ I give permission for my child's IEP to be reviewed by a Roger Williams Education student for the purpose of completing a required case study for *Introduction to Special Education Practice*.
