

Diversity, Equity, and Inclusion

Please complete the top section of this form and upload with your application in Curriculog along with course syllabi and assignment instructions (if applicable). Courses certified for the DEI domain may be used to satisfy a different domain in addition to DEI. Courses may also be certified for only the DEI domain. Courses already submitted previously for other domains may also be submitted for DEI certification.

General Education Domain (not required):

Major requirement? Yes No

For each learning outcome, please indicate **learning activities, assignments, and assessments** through which students will meet outcomes/demonstrate learning. **Be sure to list assignments that will lead to student work that can be used as artifacts for assessment. Attachments of instructions or rubrics for these assignments are encouraged.**

1. Identifies patterns of subconscious and conscious bias and stereotyping.
2. Demonstrates an awareness of differences in positionality, privilege, power, and access and takes an inventory of one's own place in society.
3. Poses fact-based questions about what can be learned from a diversity of perspectives.
4. Examines the historical and social conditions that lead to systemic inequities in communities and institutions.
5. Proposes strategies based on that examination that would positively impact a given community and advance the public good.
