Core [Concentration in Gender and Sexuality Studies, CORE](#)

- Some of the related courses listed are not yet approved by the Dean of CAS and therefore we cannot approve until the related courses have passed through CAS CC.
- ADDENDUM: Received an email from petitioner L. D'Amore that she is seeking to remove the unapproved History courses so that the petition can go through as it is unlikely that the History petitions currently in the FCAS CC will be out of committee in time. Requested that appropriate changes be made to the petition and documentation from collaborators and CORE approvers be attached. Once the History courses have been approved the GSS coordinator will seek a minor change adding them to the list of eligible courses.

**6. New Committee Business**

L.S.: SCS offers Associate Degrees. The existing Associate Degree in CJ required copy in the catalog that described the program in more detail than it does now (2015). The originator used the wrong form (New Program instead of Modify). But it is likely that no petition is actually needed. The Registrar will ensure that the copy that should be there gets back into the catalog in the next issue.
