SECTION 7: MAINTENANCE OF ACCREDITATION

2023 Annual Report (Master of Architecture) : Annual Report : SECTION 7: MAINTENANCE OF ACCREDITATION

Programs are required to maintain ongoing compliance with the NAAB 2020 Conditions for Accreditation. Programs need to report on any changes in the following areas that impact the program's ability to demonstrate on-going compliance. For each of the following resource areas, the program needs to indicate any significant and material changes that would impact its on-going compliance with the 2020 NAAB Conditions. Programs should note if they are addressing non-compliance in any of the following areas in a Plan to Correct but do not need to repeat documentation of progress that will be detailed in the Plan to Correct.

A: Program and Student Outcomes

Select the option that best describes whether or not the program has significant and material changes to program and student learning outcomes and/or to its ability to achieve its stated outcomes.

- The program HAS significant and material changes to program and student learning outcomes and/or to its ability to achieve its stated outcomes.
- The program has NO significant and material changes in this area.

Please note any **significant and material** changes to program and student learning outcomes (established as part of Condition 3: Program and Student Criteria). If no such changes occurred, please mark "no changes."

B: Curriculum Development and Faculty Resources

Select the option that best describes whether or not the program has significant or material changes to its process for assessing its curriculum and making adjustments based on the outcome of the assessment.

- The program has significant or material changes to the program's process for assessing its curriculum and making adjustments based on the outcome of the assessment.
- The program has NO significant or material changes in this area.

Please note any **significant and material** changes to the program's process for assessing its curriculum and making adjustments based on the outcome of the assessment. If no such changes occurred, please mark no changes.

- The relationship between course assessment and curricular development, including NAAB program and student criteria.

- *The roles and responsibilities of the personnel and committees involved in setting curricular agendas and initiatives, including the curriculum committee, program coordinators, and department chairs or directors.*

C: Architect Licensing Advisor

Name(s):	Karen Hughes, AIA, NCARB
Date of last NCARB licensing advisor summit each advisor(s) attended:	2019

If a program uses more than one architect licensing advisor, include each advisor.

D: Student Support Services

Select the option that best describes whether or not the program has significant or material changes to

support services available to students in the program.

- The program has significant or material changes to support services available to students in the program.
- The program has NO significant or material changes to support services available to students in the program.

*Please note any **significant and material** changes to support services available to students in the program, including but not limited to academic and personal advising, mental well-being, career guidance, internship, and job placement. If no such changes occurred, please mark no changes.*

D1. Describe any significant and material changes to support services available to students in the program:

The Cummings School of Architecture is benefitting from a substantial increase since Fall 2022 in internship and career development support from collaboration with the University's Center for Career and Professional Development (CCPD), and its increased support for undergraduate and graduate students in our School. The CCPD now has a Director, Career Services and Director, External Relations who work with us in the school, led on this end by Associate Dean Greg Laramie. Beginning in Fall 2022, we have developed a confirmed calendar of Fall Semester Resume and Portfolio Workshops (2) , Firm Visits to 9 firms in Boston, Internship Showcase sharing outcomes from previous Summer, Spring Semester Job Fair where 27-30 firms come to the Cummings School of Architecture over two weeks for presentations to students followed by Interviews for intern and career placements, with more than 180 interviews being conducted in Spring 2023. Summer includes additional interactions with firms and non-profit organizations, supported in 2023 by external funding.

E: Physical Resources

Select the option that best describes whether or not the program has significant and material changes to the program's physical resources and its ability to safely and equitably support the program's pedagogical approach and student and faculty achievement.

- The program has significant and material changes to the program's physical resources and its ability to safely and equitably support the program's pedagogical approach and student and faculty achievement.
- The program has NO significant or material changes in this area.

*Please note any **significant and material** changes to the program's physical resources and its ability to safely and equitably support the program's pedagogical approach and student and faculty achievement.*

If no such changes occurred, please mark no changes. These changes include any of the following:

- *Space to support and encourage studio-based learning.*
- *Space to support and encourage didactic and interactive learning, including lecture halls, seminar spaces, small group study rooms, labs, shops, and equipment.*
- *Space to support and encourage the full range of faculty roles and responsibilities, including preparation for teaching, research, mentoring, and student advising.*
- *Resources to support all learning formats and pedagogies in use by the program.*

E1. Describe any significant and material changes to the program's physical resources and its ability to safely and equitably support the program's pedagogical approach and student and faculty achievement.

The School has implemented a new externally hosted Virtual Desktop Laboratory in Fall 2023, replacing the previous internally hosted "rCloud" computing environment we had in place 2013-2023, which replaced our physical computer labs. The new Virtual Desktop Laboratory is hosted by Apporto, which provides us with higher quality connectivity, functionality of hosted software, and a higher level of troubleshooting support. The university has also implemented a free plotting and printing for students since 2018.

F: Financial Resources

Select the choice that best describes whether or not the program has significant and material changes to the program's institutional support and financial resources that would impact the program's ability to support student learning and achievement during the next term of accreditation.

- The program has significant and material changes to the program's institutional support and financial resources that would impact the program's ability to support student learning and achievement during the next term of accreditation.
- The program has NO significant and material changes in this area.

*Please note any **significant and material** changes to the program's institutional support and financial resources that would impact the program's ability to support student learning and achievement during the next term of accreditation. If no such changes occurred, please mark no changes.*

G: Information Resources

Select the choice that best describes whether or not the program has significant and material changes to its ability to ensure that all students, faculty, and staff have convenient and equitable access to information resources.

- The program has significant and material changes to its ability to ensure that all students, faculty, and staff have convenient and equitable access to information resources.
- The program has NO significant and material changes in this area.

Please note any **significant and material** changes to the program's ability to ensure that all students, faculty, and staff have convenient and equitable access to the following. If no such changes occurred, please mark no changes.

- Architecture literature and information, as well as appropriate visual and digital resources that support professional education in architecture.
- Architecture librarians and visual resource professionals who provide discipline-relevant information services that support teaching and research.
