WHAT DO YOU NEED TO DO BY JUNE 17th?

Are you currently enrolled in the medical, dental, vision or AFLAC plans and do not want to make a change?

If you do not want to make a change, then you do not have to do anything at this time.

WHAT'S NEW?

The University has negotiated a rate increase of 3.7% with Blue Cross, which is less of an increase than last year. We will continue to offer three Blue Cross plan options and the plan designs remain the same.

MEDICAL IN-NETWORK DEDUCTIBLE AS OF JULY 1, 2022

The total annual deductible for all three plans continues to be \$6,000 for individual coverage and \$12,000 for family coverage, from July 1st through June 30th each year. However, **employees pay a lower share because the University pays the majority of the deductible.**

Annual Deductibles HealthMate Coast-to-Coast	Individual Coverage	\$ 750.00
	Family Coverage	\$1,500.00
Annual Deductibles BlueCHiP Flex & Blue Choice	Individual Coverage	\$ 500.00
	Family Coverage	\$ 1,000.00

YOUR PAYROLL DEDUCTIONS AS OF JULY 1, 2022

Employees and the University will share the medical and dental premium on the same basis -- a percentage of the premium with the University paying a majority of that premium. Per the bargaining contract, all members will contribute the same percentage towards medical and dental coverages.

Your medical insurance payroll deduction will change due to the increase in premiums. Benefit deductions will continue on a pre-tax basis, unless you have formally requested otherwise, so you will save money by paying less in payroll taxes.

The table below lists the medical and dental payroll deductions.

Benefit Plan	Coverage Level	Per Pay Period Medical Deduction	% of Premium	Per Pay Period Dental Deduction	% of Premium
BlueCHiP Flex & Delta Dental Payroll Deductions	Individual	\$ 64.76	22 %	\$ 3.00	22 %
