June's Tip: Summertime Campus Safety

Summer Construction Safety

Roger Williams University summer construction projects have begun. Safety precautions have been put in place to protect employees, students and visitors as they travel through campus.

Please be mindful of the following:

- Please abide by the posted speed limits, reduced speeds may be necessary
- Honor all pedestrian crosswalks and follow the designated walkways and paths
- Come to a full stop at all STOP signs
- Do not enter any construction site without prior authorization or proper Personal Protective equipment
- Park only in designated staff or student parking. Please do not park on the grass or in fire lanes

To view upcoming summer projects please visit the Capital Project link below:

Children and Pets in the Workplace

As a reminder with school vacations and the warm summer months ahead, please review the Pet Policy and the Children in the Workplace policy:
